SUPERVISION BY INTERNATIONAL REFERENCE

Dr. Abhishek Mangeshikar

Co-founder

Dr. Abhishek Mangeshikar is a **globally recognized specialist in advanced endometriosis surgery** and Founder of the Indian Centre for Endometriosis. He focuses on the **management of complex and deep infiltrating endometriosis** using multidisciplinary minimally invasive techniques. He is also actively involved in international training and education to advance surgical standards and **improve comprehensive patient care worldwide.**

At the end of the course, you will receive a certificate of attendance.

You will have access to 20 procedures of complex cases of deep endometriosis during your fellowship week.

We offer to come from one week to six week fellowship.

The cost of this advanced training is €1 500 per week.

*To confirm your booking, a **deposit of 50%** will be requested at the time of booking.*

We look forward to welcoming you to IFEM Endo Bordeaux and sharing with you an experience in the expert surgery of endometriosis.

MASTERCLASS IFEM ENDO ACADEMY

Presentation of the Masterclass

PLACE

IFEM Endo,
Mumbai, India

DURATION

1 immersive
and
accredited
week

TEAM

Dr. Abhishek Mangeshikar
Dr. Thomas Dennis
Pr. Horace Roman

IFEM Endo Masterclass is a distinctive immersive training program focused on the **surgical management** of deep endometriosis.

Organized in Mumbai, a branch of the IFEMEndo Group founded by the renowned surgeons **Prof. Roman and Dr. Merlot**. The local academic team, led by **Prof. Roman, Dr. Merlot, and Dr. Mangeshikar**, offers you a comprehensive 360° experience in complex endometriosis surgery.

Designed **for seasoned gynecological surgeons**, this Masterclass presents a blended and progressive format that includes:

- **daily engagement** in the operating room,
- specialized **technical seminars**,
- **simulation and imaging** sessions,
- **interactive courses** and analysis of actual cases.

Each participant engages in a rotation of practical activities, theoretical instruction, and multidisciplinary workshops, thereby ensuring **an optimal balance between knowledge acquisition and practical application**.

The objective is to guide each surgeon in cultivating a **comprehensive operative vision**, mastering **intricate technical maneuvers**, and embracing the **IFEM Endo philosophy**: precision, collaboration, surgical excellence, and compassion.

At the conclusion of the week, following the successful completion of the final examination, participants receive **the IFEM Endo Labs Certificate of Excellence**, which acknowledges their technical proficiency and their assimilation into the IFEM Endo operational methodology.

MASTERCLASS IFEM ENDO ACADEMY
