SUPERVISION BY INTERNATIONAL REFERENCE

PROF. HORACE ROMAN

Co-founder

A world leader in endometriosis surgery. Prof. Horace Roman has devoted his career to the treatment of complex forms of the disease, particularly in the digestive and urinary tracts. He is renowned for his surgical know-how and his major role in **training international medical teams**. His expertise guides the IFEM Endo standards and protocols.

At the end of the course, you will receive a certificate of attendance.

*You will have access to 20 procedures
of complex cases of deep endometriosis during your fellowship week.*

We offer to come from one week to six week fellowship.

The cost of this advanced training is €2 500 per week.

*To confirm your booking, **a deposit of 50%**
will be requested at the time of booking.*

IFEM ENDO ACADEMY MASTERCLASS

PLACE

IFEM Endo
Tivoli Clinic,
Bordeaux,
France

DURATION

1 immersive
and
accredited
week

TEAM

Pr. Horace Roman
Dr. Irina Holt
Dr. Iuliana Iacoban
Dr. Adrien Crestani

IFEM Endo Masterclass is a distinctive immersive training program focused on the **surgical management** of deep endometriosis.

Organized in Bordeaux, at the core of the reference center led by **Professor Horace Roman and Dr. Benjamin Merlot**, this week provides a comprehensive experience in direct engagement with the IFEM Endo operating teams.

Designed **for seasoned gynecological surgeons**, this Masterclass presents a blended and progressive format that includes:

- **daily engagement** in the operating room,
- specialized **technical seminars**,
- **simulation and imaging** sessions,
- **interactive courses** and analysis of actual cases.

Each participant engages in a rotation of practical activities, theoretical instruction, and multidisciplinary workshops, thereby ensuring **an optimal balance between knowledge acquisition and practical application**.

The objective is to guide each surgeon in cultivating a **comprehensive operative vision**, mastering **intricate technical maneuvers**, and embracing the **IFEM Endo philosophy**: precision, collaboration, surgical excellence, and compassion.

At the conclusion of the week, following the successful completion of the final examination, participants receive **the IFEM Endo Labs Certificate of Excellence**, which acknowledges their technical proficiency and their assimilation into the IFEM Endo operational methodology.
